

The activities being planned at the **National Institute of Rehabilitation “Dra. Adriana Rebaza Flores” Amistad Perú-Japón** (INR) include:

Preparation days: Talks

- August 25th to Sept 5th :

Preventive and motivational talks, to raise the awareness among general public and INR users. We are also inviting students from a secondary school and a Nursing school. We will use audiovisual and print materials.

- Sept 1st :

Theory and practice in spinal cord injury for patient’s family members and caregivers.

Main day: Sept 5th

Activities will be carried out from 10 am to 12:10pm in our facilities (INR).

RESPONSIBLE INR UNIT	ACTIVITY
Adaptive Sport Committee	Basket exhibition
Occupational Therapy	Dancing / artistic participation
Physical Therapy	Abilities on wheelchairs
The whole SCI Department	Musical presentation

Other Communicational actions:

Press releases and media interviews. The interviews will show the achievements attained by people with spinal cord injury, medical orientation and prevention messages.

Posters will be displayed during preparation days and main day, and pamphlets will be distributed.
